Letter of recommendation

It gives me great pleasure in writing the testimonial of Miss. Keshwala Santok Punjabhai. I have known Miss. Keshwala Santok Punjabhai as a student of the M.Sc IT & CA. During the period of the instruction, I had enough opportunity to observe her academic performance, communication skills and potential. Santok is, without a doubt one of the hardest working students I have ever known.

She is well behaved and courteous with pleasant and amicable personality. As a person, Santok is an intelligent, hardworking and an innovative student. She is sincere and any assignment that she is entrusted with is done with care, diligence and enthusiasm. She was a cheerful disposition combined with a sociable and convincing attitude in handling people. She was a unique quality of working in the group.

She worked very meticulously through her various projects, and was always looking for more challenging assignments. Her ability to work extensively on a project was remarkable. For her aptitude to study deeply and explore a phenomenon I would rate her among the top tenth of students I have taught.

I am delighted to learn of her decision to pursue further studies. Her tendency to investigate a concept thoroughly and the effort that she puts in her study uniquely qualify her for further studies and get expertise in her field.

Considering her overall performance, I would say that she is really a good student to have in an institution. Give her the opportunity to excel and she will make you proud.

Sincerely,

LETTER OF RECOMMENDATION

It gives me great pleasure in writing the testimonial of Odedara Nirali Arjanbhai. I have known Odedara Nirali Arjanbhai as a student of the Bachelor of Commerce during the period of the instruction; I had enough opportunity to observe one of the hardest working students I have ever known.

She is well behaved and courteous with pleasant and amicable personality. As a person, Nirali is an intelligent, hardworking and an innovative student. She is sincere and any assignment that she is enthused with is done with care, diligence and enthusiasm. She was cheerful disposition combined with a sociable and convincing attitude in handling people. She was a unique quality of working in the group.

She worked very meticulously through her various projects, and was always looking for more challenging assignment. Her ability to work extensively on a project was remarkable. For her aptitude to study deeply and explore a phenomenon I would rate her among the top tenth of student I have taught.

I am delighted to learn of her decision to pursue further studies. Her tendency to investigate a concept thoroughly and the effort that she puts in her study uniquely quality her for further studies and get expertise in her field.

Considering her overall performance, I would say that she is really a good student to have in an institution. Give her the opportunity to excel and she will make you proud.

LETTER OF RECOMMENDATION

It gives me great pleasure in writing the testimonial of **Odedra Kirti Parbatbhai**. I have known **Odedra Kirti Parbatbhai** as a student of the **Bachelor of Arts** during the period of the instruction; I had enough opportunity to observe one of the hardest working students I have ever known.

She is well behaved and courteous with pleasant and amicable personality. As a person, **Kirti** is an intelligent, hardworking and an innovative student. She is sincere and any assignment that she is enthused with is done with care, dilligence and enthusiasm. She was cheerful disposition combined with a sociable and convincing attitude in handling people. She was a unique quality of working in the group.

She worked very meticulously through her various projects, and was always looking for more challenging assignment. Her ability to work extensively on a project was remarkable. For her aptitude to study deeply and explore a phenomenon I would rate her among the top tenth of student I have taught.

I am delighted to learn of her decision to pursue further studies. Her tendency to investigate a concept thoroughly and the effort that she puts in her study uniquely quality her for further studies and get expertise in her field.

Considering her overall performance, I would say that she is really a good student to have in an institution. Give her the opportunity to excel and she will make you proud.
